

INTERNATIONAL DRAGON
ASSOCIATION

1965

The cover and badge design of this Handbook have been specially prepared by The Martini International Club for the International Dragon Association.

On the occasion of the I.D.A. European Championships at Poole, Dorset in 1965, a Martini International Club Challenge Trophy will be presented. This Trophy will be competed for each year at the European Championships.

The Martini International Club is associated with many important international sporting and cultural events throughout the world each year, and is proud to be associated with the activities of the I.D.A.

Morits Skaugen
(Norway)
Vice-Chairman 1962-64

As long ago as 1927 the Junior section of the G.K.S.S. instituted a design competition to produce a cheap boat with a sail area of about 15 sq.m. and a building price of about £35. In 1929 Johan Anker was invited to criticise the entries received, and eventually put forward a proposal for 20 sq.m. at a cost of £97-10-0. thus the Dragon design came into being.

The class developed quickly and on November 1st 1929 a committee to control the class was formed. This consisted of two members each from K.N.S., G.K.S.S. and K.D.Y. Queries from the respective countries were dealt with by the committee of their own country, those from else where by the committees of Norway, Sweden and Denmark in rotation.

In 1938 a revised rigging plan was prepared, but owing to the war, this was not adopted until on November 23rd 1945 when the Scandinavian Clubs approved a slight increase in sail area, the genoa and a spinnaker and some alterations in rigging which brought the design to what, with minor subsequent amendments, it is today.

The Class was made an Olympic Class in 1948, and the resulting interest culminated in control being assumed in November 1949 by the I.Y.R.U.

The Class continued to flourish, so in 1961 discussions were started which resulted in the formation of this Association in July 1962 at a meeting at Hankö. Our major role, that of informing the I.Y.R.U. as to the views of the class in the matter of the rules, has taken a major step forward as a result of the I.Y.R.U. decision in 1964 to permit the Association to initiate amendments to the rules. To further this a strong Technical Sub-Committee was formed in November 1964 and it is hoped that as a result we will be in a position to keep the rules under constant review. To make this effective it is up to any member country which has a query to put it forward to the Nonorary Secretary without delay.

1965 finds the class in a strong position throughout the world, which is particularly gratifying for the year following an Olympic Games. Our thanks are due to all those whose keenness and hard work have contributed to this development, not least our extremely able Honorary Secretary.

We live today under the threat that we may one day be replaced as an Olympic class. This has only served to strengthen our position and it is of interest to remember that, barring Finns for obvious reasons, our class was numerically stronger than any other in Japan. In this context we should stress for the benefit of countries who are recent comers to the class that the rules have been probed over the years by many keen minds, and to all intents and purposes loopholes have been closed. To understand this requires a close reading of the rule, and a considerable what might be termed "case law" has been built up. Anyone departing from the general trend in European boats built in the last few years would do well to check with the Honorary Secretary as to the validity of their move before entering international regattas, because it may well be that such a development has been considered and rejected some time ago.

As this is the first edition of quite a major work, there are certain to be numerous errors and omissions, for which we apologise in advance, but with this edition as a basis, that of 1967 should be a much more simple task.

The Officers take this opportunity of wishing all owners good sailing and welcome those who have joined the class whose names do not yet appear in this book.

JOHAN ANKER
Designer of the Dragon
Born 26th June 1871 - died 1st October 1940

as adopted by the General Assembly of I.D.A.

in Hanko 23rd of July 1962

1. Objects of the Association

The International Association (I.D.A.) was founded on the 31st of October 1961 with London as Headquarters.

The principal objects of I.D.A. are:

- a) To further the interests of the International Dragon Class
- b) To serve in a advisory capacity to the I.Y.R.U.
- c) To coordinate National Association views on the Dragon Rules prior to I.Y.R.U. meetings.
- d) To keep all countries racing Dragons in touch with each other and to help to coordinate International fixtures.

2. Membership

Membership is open to National Dragon Class Associations.

3. Subscriptions

The subscription shall be due annually on the 1st November and shall be payable to the Secretary, who is also the Treasurer. An Association whose subscription is overdue shall not be entitled to be represented or to vote at a Meeting. The amount of the annual subscription shall be decided at the Annual General Meeting which shall take place during the main regatta for the class. The venue of such meeting shall be decided at the Annual General Meeting of the previous year.

4. Management

- a) The affairs of the Association shall be conducted by the Association in general meeting. The preparation of the agenda for General Meetings and the day-to-day management of the Association in accordance with the wishes of the Association in General Meeting shall be the responsibility of an Executive Committee.
- b) The Association shall elect annually a Chairman, 2 Vice-Chairmen and a Secretary/Treasurer. Each of these offices shall be held for a maximum period of three years, with the exception of the post of Secretary/Treasurer which is unlimited in duration. The only other exception being that the first officers elected should, if re-elected, stand, for the sake of continuity within the I.D.A., for the following periods commencing July 1962:

Chairman	4 years
1st Vice-Chairman	3 years
2nd Vice-Chairman	2 years

None of the above shall be eligible for re-election until one year has elapsed after he ceases to hold office.

- c) The Association shall elect a President and may, at its discretion, elect Vice-Presidents. The Offices of President and Vice-President shall be reserved for those whom the Association specially wishes to honour by reason of their interest in the class.
- d) The Executive Committee shall consist of the Chairman, the two Vice-Chairmen and the Secretary/Treasurer.
- e) At a General or Special General Meeting the accredited representatives of five National Associations shall form a quorum.
- f) Each National Association represented at the meeting shall have one vote. In the event of equality of votes the Chairman shall have a casting vote.

Dragons in the Thirties

The Modern Dragon

- g) The Secretaries of National Associations shall nominate in writing to the Secretary of I.D.A. the person who shall represent them at a Meeting.
 - h) The agenda for general Meetings shall be sent to each National Association one month before the date of the Meeting, and no decision may be taken at the Meeting concerning the rules of the International Dragon Class which is not included on the agenda.
 - i) No decision affecting the rules of the Association or recommendation for change in the Dragon Rules may be taken unless there is a two-thirds votes majority. All other matters shall be decided by a straight vote.
 - j) Items for the agenda at General Meetings shall only be accepted from the Secretary of a National Association, and shall be in the hands of the Secretary of the International Dragon Association six weeks before the date of the Meeting.
 - k) Minutes of Meetings shall be prepared by the Secretary and circulated to all Members of the Association.
5. **Finance**
- The Statement of accounts shall be made up to 31st May in each year and submitted for approval to the Annual General Meeting.
6. The official language of I.D.A. will be English.

INTERNATIONAL DRAGON CLASS

WORLD CHAMPIONSHIP

RULES as adopted by I.D.A. 16.11. 1964

WHEREAS the International Dragon Association have decided that it would be to the advantage of the Class to hold World Championship Races, these Races shall be run under the following conditions:

1. The races shall be held under the Rules of the I.Y.R.U., the racing rules of the country giving the Races and the Olympic rules in force one year before the date of the Races subject to amendments approved by the Association and the Conditions herein.

2. Races shall be held every two years in the year next following and in the year preceding an Olympic Games.

The first races shall be held in 1965.

3. Races shall take place in the following areas in rotation:

North Europe:

Finland, Sweden, Norway, Denmark, Germany, Holland, U.K.

America:

North and South American continent, Bermuda, Jamaica.

South Europe:

Belgium, France, Switzerland, Portugal, Spain, Italy, Greece.

Australia and Pacific:

Australia and countries having a Pacific seaboard and countries in the Southern hemisphere other than above.

Only countries that are members of the Association may run the Races.

New member countries shall be allocated to a suitable area by the Association.

The Area to hold the first Races shall be North Europe.

4. The area designated shall select the country that is to hold the Races one year before such Races at a meeting or by a postal vote of the countries in the area. In the event of a postal vote each voter shall be informed of the conditions to be expected as to sea, current, weather and accommodation at and means of transport to the venues under consideration.

The decision of the area is subject to the approval of this Association.

5. Entry is restricted to two boats per country.

An additional entry will be accepted from the winning helmsman of the preceding World Championship Races.

For the 1965 Races an additional entry will be accepted from the helmsman winning the Gold Medal in the Dragon Class in the 1964 Olympic Regatta.

The organising country shall be notified of the intention to enter and the number of boats to be entered at least three months prior to the Races.

The names of helmsman crew and boat shall be in the hands of the organising country at least 14 days before the first race.

6. The designation World Champion shall apply to the helmsman and crew who shall be nationals of the country making the entry.

helmsman and crew may be substituted during a series for good and sufficient reason approved by the Race Committee.

For the purposes of entry the definition of "country" shall be that in force in the Olympic rule three months before the date of the Races.

7. Entries shall be limited to boats holding a valid certificate of measurement which shall be exhibited to the organising country as directed in the Sailing Instructions.

Boats and sails may be subject to remeasurement in accordance with the International Dragon Class Rules.

A maximum of 12 sails may be submitted for measurement, and only such sails, shall be used during the races.

8. Courses, the number of races to be sailed, the number of races to count for points and the scoring system shall be that of the Olympic Rule in force one year prior to the races, except that should it be impossible to complete more than six races, the Trophy may be awarded on the result of the best five of those races. If fewer than six races can be sailed the Trophy shall not be awarded.

9. The Race Committee responsible for the running of the races shall be under the general direction of a Jury of five persons to be nominated by the Association. The Jury shall be final provided that permission for such procedure can be obtained when required by Racing Rule 1 (2) (j).

10. The President has presented the Royal Hellenic Cup known as Epathlon Vassileos to the international Dragon Class World Championship Trophy, in memory of the late King Paul who showed so much interest in Dragons. The Trophy will be held by the winning helmsman until the next Races, but will remain the property of the donor. It will be the responsibility of the holder to see that the Trophy is in the hands of the organising country by the start of the next Races.

The Trophy will be insured by the Association. This Association will procure a replica to be awarded to the winning helmsman, and medals to the helmsman and crew of the first three boats.

11. The above Conditions shall be subject to interpretation and amendment by the Association.

An amendment to these conditions shall require a two-thirds majority of those voting.

THE VIRGINIE HERIOT CUP

Regulations dated December 1962

1. In Memory of Madame Virginie Heriot and in accordance with her often expressed wish to encourage yachting, the Committee of the Yacht Club de France decided at a meeting on the 21st May 1946, to initiate an International Cup and name it the "Coupe Virgine Heriot".

The Cup is assigned to the International Dragon Class, but remains the property of the Yacht Club de France.

In agreement with the Committee of the International Dragon Association, the "Virginie Heriot Cup" will be the Trophy for the European Dragon Championship.

2. Races will take place annually in European waters. The races will be organised in accordance with a schedule decided between the Committee of the Yacht Club de France and the International Dragon Association.

Every European country having a Dragon fleet will be grouped in six zones, one zone consisting of countries without a seaboard. Every year, giving at least one year's notice, a zone will be designated which will run the races for the "Virginie Heriot Cup".

Proposals as to the location of the races shall be made to the International Dragon Association by each country in the designated zone. The International Dragon Association will then decide, subject to the approval of the Committee of the Yacht Club de France, the country which is to organize the races, taking into account the positions attained by the representatives of countries in the zone during the preceding years.

3. The "Virginie Heriot Cup" is open to all nations which will have the right to be represented by a maximum of three Dragons to be selected by their National Association failing which by their National Authority. Entries are to be sent to the Yacht Club de France or to the organizing Club as early as possible and at least one month before the date fixed for the start of the first race.

Entries must include:

- the Yacht Club under which the yacht is entered;
- the name of the yacht;
- the number on her sail;
- the name of the owner;
- the names of the members of the crew and, where possible, the names of crew replacements.

The Yacht Club de France will forward all entries received to the organizing club.

4. Dragons entered in accordance with paragraph 3 may represent one or more Yacht Club recognised by their National Authority.

The Yacht Club represented by the winning Dragon shall have temporary possession of the Cup for the period of one year. The club shall be responsible for the care of the Cup and its presence at the following year's races.

5. The title of European Dragon Champion will be awarded to the competitor best placed in the series of races according to the following rules:

There will be six races, each competitor discarding the points for the worst race.

In each race the following points will be awarded:

- 0 point for 1st place;
- 2 points for 2nd place;
- 3 points for 3rd place;
- and so until last place;

A Yacht retiring from a race will be awarded one point, and a disqualified or non-starting yacht two points, more than the maximum number of yachts that have taken part in any one race.

The winner will be the yacht scoring the lowest total points in the five retained races. In the event of a tie the winner shall be decided by taking into account the result of the

discarded race. If this still results in a tie, the winner shall be decided by a comparison of the placings in all six races (the highest number of 1st places, if still equal the highest number of 2nd places, and so on).

These races are for individual competition. Team racing is prohibited.

6. These races will be sailed under the International Racing Rules then in force. The course must be at least 10 sea miles, and must be laid out in accordance with the principle of olympic courses.

A minimum speed of 2 knots must be attained.

If the leading yacht finishes the race within the time limit, the duration of the race concerned shall be prolonged by half-an-hour. Yachts failing to finish in this extra time shall be awarded one point more than the last placed yacht.

The programme shall allow a maximum of seven days racing with a maximum of one race per day for six days, the seventh day being available as a rest day or as the day on which a postponed race may be sailed.

7. The National Association, or failing that, the National Authority of each competing Nation, may appoint one representative on the Sailing Committee. The Yacht Club de France may also appoint one representative. The organizing Nation shall provide the Chairman. The Committee shall have the right of deciding without appeal all protest lodged with regard to races.

8. The Committee may at their discretion either before or during the races take such measures as they may consider useful:

a) To verify that the measurements of entered Dragons conform to the certificates of measurements, which must be produced;

b) To check the measurement of sails which competitors intend to use during the races for the Cup.

9. Helmsmen and crews must be amateurs in accordance with the definitions given for the Olympic Games. Furthermore they, as well as the owner, must be of the same nationality as the club they represent; except that when a yacht is entered from another continent, only the owner and helmsman need be of the same nationality as the club under which the yacht is entered.

10. A miniature of the Cup will be presented to the owner of the winning yacht as his personnel souvenir. Furthermore, this owner shall have the right of being one of the representatives of his country in the year following his victory. Equally a souvenir will be presented to the helmsman and crew of the winning boat recalling that they have been Champion of Europe by reason of their winning the "Virginie Heriot Cup" in the year in question.

11. Where the Committee of the Yacht Club de France or the Committee of the International Dragon Association may find it opportune, and when no entries have been received, they may modify these rules by mutual agreement.

DRAGON GOLD CUP

The International Dragon Cup was presented in 1937 by Members of the Clyde Yacht Clubs' Conference with the intention of bringing together as many competitors of different nationalities as possible for Yacht Racing in a friendly spirit, in order to perpetuate the good feeling which existed at the first International Clyde Fortnight. The Clyde Yacht Clubs' Conference has been reconstituted as the Clyde Yacht Clubs' Association, and the International Dragon Cup has become known as, and is now renamed, the 'Dragon Gold Cup'.

RULES

1. The Cup shall be called the Dragon Gold Cup and shall be raced for by yachts of the International Dragon Class belonging to any country.
2. The Cup shall be sailed for annually, and shall be retained by the winner for one year only.
3. Races shall take place in rotation in Scotland, Norway, Sweden, Western Germany, Holland and Denmark. This rota may be altered, but the number of countries participating shall not at any time exceed six. The following organising authorities shall have full charge of the arrangements when races take place within their jurisdiction:—
In Scotland—CLYDE YACHT CLUBS' ASSOCIATION.
In Norway—KONGELIG NORSK SEILFORENING.
In Sweden—GOTEBORGS KUNGL. SEGEL SALLSKAP.
In Western Germany—NORDDEUTSCHER REGATTA VEREIN.
In Holland—KONINKLIJKE NEDERLANDSCHE ZEIL—EN ROEIVEREENIGING.
In Denmark—KINGELIG DANSK YACHTKLUB
4. The Races shall be in accordance with the I.Y.R.U. Racing Rules. The special provisions required by the appropriate National Authority shall apply except where these are varied by the Rules for the Dragon Gold Cup and the Conditions and Sailing Instructions of the Organising Authority.
5. The Organising Authority shall provide for the following:—
 - (a) that all starts are to windward;
 - (b) that courses are about ten sea miles in length and are of the Olympic type—but an Olympic Circle need not be laid;
 - (c) that all marks are to be left to port;
 - (d) that no mark shall be laid closer to the land than approximately one sea mile if at all possible;
 - (e) that the length of the starting line in metres is approximately 13 times the number of entrants and that it is laid out as nearly as possible at an angle of 82° to the mean true direction of the wind measured from the Committee Vessel which shall be stationed at the starboard end of the line;
 - (f) that the following Five Minute Rule is applied to all starts—'between the preparatory signal and the starting signal any boat which is on or over the starting line or its extension in the vicinity of the starting line will be disqualified'. An Organising Authority may vary this Rule to a 'One Minute' Rule if so desired;
 - (g) that in the event of a general recall the start will be postponed for fifteen minutes.
6. The Organising Authority shall be expected to present a memento to the winner, and such other prizes as they consider appropriate.
7. It was the original intention of the donors that as many entries as possible should be accepted. Some restriction on the number of entrants may, however, become

necessary. The Organising Authority should state in the advertisement for the Races the maximum number of entrants which will be accepted which should not exceed 100 and should take whatever steps it considers necessary to ensure that this number is not exceeded by restricting the entrants either from its own or any other country.

8. There will be a series of six races none of which may be discarded for points. If the total entry exceeds 40 boats it will be divided into four groups as nearly equal as possible and each group will be given a different colour, for example, white, yellow, red, green, and boats will show their identity colour as described in the sailing instructions. In allocating boats to groups the Organising Authority will first divide all competing Olymping helmsmen and previous winners of the Gold Cup by lot as evenly as possible amongst the four groups and thereafter the remaining entrants also by lot. The draw should take place as near to the date of the first race as possible so that known non-starters can be eliminated.

9. Each Group will sail a total of six races comprising two races against each of the other groups in turn, viz:—

'A'	'B'
Race 1 White and Yellow	Red and Green
Race 2 White and Red	Yellow and Green
Race 3 White and Green	Yellow and Red
Race 4 Red and Green	White and Yellow
Race 5 Yellow and Green	White and Red
Race 6 Yellow and Red	White and Green

'B' Races (shown in Column 'B') will start 15 minutes after the 'A' Races. In the event of a general recall of an 'A' Race the start of the 'B' race will be postponed until 15 minutes after the proper start of the 'A' Race.

10. In each Race points will be awarded in accordance with the following formula based on the Olympic system:—

$$P = 101 + 1,000 \log A - 1,000 \log n$$

where P = Points allocated A = the sum of the number of entrants allocated to the two largest groups and 'n' = the finishing position of the boat.

Any boat which starts within the meaning of the Rules and does not finish shall score 101 points. Any boat committing a breach of the Rules but retiring within a reasonable time shall score 101 points. Any boat which completes the course but is disqualified pursuant to the provisions of the International Racing Rules 68 or 73 score no points unless the Protest Committee or the International Jury rules otherwise. If two boats tie in points each shall be declared joint winner and each shall hold the Cup for six months.

11. The owner and helmsman of each yacht must be citizens of the country from which the yacht enters, but this rule need not apply to other members of the crew. When possible the authority in charge of the arrangements for races, should make efforts to have yachts loaned to helmsmen from other countries who must be Dragon owners, and to their crews. Applications for such loans must be made through their own National Authority and must be in the hands of the Authority in charge of the races not later than two months before the date of the first race of the series.
12. All boats, sails, crews, etc., must conform to the Rules and Conditions laid down for the International Dragon Class, and the owner of each yacht shall be required to produce a Measurement Certificate. The organising Authority may have any yacht measured (including sails) or weighed.
13. All protests occurring during the races for the Cup shall be submitted to a Protest Committee of the Organising Authority, subject to the right of appeal to an Inter-

national Jury appointed by the Organising Authority; alternatively, the Organising Authority may arrange for all protests to be heard by the International Jury in the instance. The decisions of the International Jury shall, in all cases, be final, and not subject to further appeal.

14. (a) Alterations to these Rules shall be made only by the Clyde Yacht Clubs' Association after consulting with the Authorities referred to in Rule 3.
- (b) Should the Dragon Class cease to exist, or should the Competition for the Gold Cup in the opinion of the Clyde Yacht Clubs' Association after consulting with the Authorities referred to in Rule 3, cease to be of first class importance, the Cup shall be returned to the Clyde Yacht Clubs' Association.

By Order,

J. C. ROBERTSON, Chairman.

J. DUNLOP URIE, Hon. Secretary,

The Clyde Yacht Clubs' Association,

21 West George Street,

Glasgow, C.2., Scotland,

7th October, 1963.

IN MEMORIAM

THORKIL WARRER (Denmark) Died August 1962

He played an important part in popularising the Class throughout Europe, attending since 1950 very many Regattas outside Denmark thus raising the standard of sailing and encouraging interest in the Class wherever he went. It was largely due to his encouragement and interest that this Association was formed.

OTTO ALBRECHT ERNST (Germany) Died August 1964.

A staunch supporter of the Class, he led the German team when the first international Dragon races were held on the Clyde in 1936. The Dragon Gold Cup which to date has been, unofficially, the World Championship of the Class, was inaugurated as a result of this Regatta. It was a great sorrow to his many friends that he did not live to see the return of the Cup races to his country at Travemünde in 1964 for which he had worked so hard.
